GLORIA LYLES

As Gibran said of friendship:

> When you part from your friend, you grieve not; for that which you love most in him may be clearer in his absence, as the mountain to the climber is clearer from the plain.

As we become travelers on the plains of life, viewing the mountain from a different perspective than when we ourselves were on the mountain, how beautiful was that life we knew on the mountain!

As long as we travel on these plains and even if we go back to the mountain, we shall never forget the undying enthusiasm of Roughrider spirit.

PRINCIPAL'S MESSAGE

A. P. DeMARE

CLASS OF 1969:

Congratulations on a job well done. This year's annual indicates much hard work, planning, and devoted hours. Within the covers are memories that we have shared together. It is with great pride that I, along with the remainder of the faculty, have contributed to your high school education. I am proud of each and every one of you for your fine leadership, cooperation, and devotion to our school, and other splendid qualities you have displayed.

As you take your place in society, always remember to undertake your job to the best of your ability. I urge you to continue your education at an institute of higher learning. Whatever path of life you may select, keep in mind that the final decisions are for you to make.

"Every man is master of his own ship.
If he cast it upon a reef, 'tis his own
grief."

With every best wish for happiness, good fortune, and good health, remember that I was your principal, and always your friend. God Bless You.
